# SPECIAL STEELS FOR SPECIAL PARTNERS

**Since 1984, with experience coming from the 1950s.**

Founded in 1984 by the Bozdaş family in Istanbul, Kanat Çelik is a leading Turkish company specializing in high-quality specialty steels.

Building on the family's deep roots in the steel industry dating back to the 1950s, the company has become a trusted global supplier, exporting to over 35 countries, with 60% of its revenue coming from exports.

Its product range includes alloy steel bars, seamless pipes, and forged bars and blocks, offering over 1,000 product types supported by in-house services such as cutting, testing, packaging, and machining.

Certified with ISO 9001:2015, Kanat Çelik is committed to quality, innovation, and sustainability – actively supporting Green Steel initiatives and environmentally responsible practices across the steel industry.

Over 40 years  
of experience

Supply to more than  
10 industries

Exporting to more than  
35 countries

60% of the revenue  
comes from export sales

Over 1000 different  
types of products

40+ 10+ 35+ 60% 1000+

## Industries Served

With the materials we supply, we help simplify life and enhance living standards.

- Automotive
- Machinery
- Plastic and Mold
- Fasteners
- Defence
- Agriculture
- Mining
- Aviation
- Maritime
- Renewable Energy
- Hydraulics
- Construction

## Company History Timelines

**1984**

Kanat Çelik started its commercial operations in 1984 in as a trade office located in Karaköy Perşembe Pazarı, İstanbul.

**2000**

In 2000, the İstanbul İkitelli warehouse and steel service center went into operation.

**2007**

The ISO 9001:2015 Quality Management System was established.

**2002**

Kanat Çelik made its first export to Greece.

**2016**

The construction of the Esenyurt warehouse was completed, and all branches were consolidated under one roof.

**2025**

The construction of the Hadımköy warehouse, equipped with the latest technology and covering an area of 3,600 m<sup>2</sup>, was completed.

**2024**

The company entered the United Kingdom export market, launching the London-based website [steelbars.co.uk](https://steelbars.co.uk)

**2010**

Kanat Çelik carried out its first import from the Netherlands.

**1991**

Two warehouses were opened in Bayrampaşa, İstanbul.

# GREEN STEEL

## A Sustainable Future with Green Steel

Kanat Çelik embraces the green steel vision by partnering with producers committed to environmental sustainability. Through the supply of eco-friendly products made with renewable energy and reduced carbon emissions, the company maintains a responsible supply chain approach. We aim to contribute to a cleaner, more sustainable future for generations to come.

## About Bozdas

BOZDAS GROUP OF COMPANIES

### Kanat Çelik Sanayi Ve Ticaret A.Ş.

Our group's parent company, Kanat Çelik San. ve Tic. A.Ş., has a strong foundation and extensive network in the iron and steel industry since 1984.

[www.steelbars.co.uk](http://www.steelbars.co.uk)

### [www.steelbars.co.uk](http://www.steelbars.co.uk)

[www.steelbars.co.uk](http://www.steelbars.co.uk) is the website through which Kanat Çelik carries out its marketing activities in the United Kingdom.

### [www.smlsteelpipe.com](http://www.smlsteelpipe.com)

[www.smlsteelpipe.com](http://www.smlsteelpipe.com) is the website where Kanat Çelik markets its pipe products in the global market.

### Bozdaş Çelik Sanayi Ve Ticaret A.Ş.

International trade operations, including import and export, are managed by Bozdaş Çelik San. ve Tic. A.Ş., which specializes in global steel trading.

celikcekme  
boru.com

### [www.dikissizcelikcekmeboru.com](http://www.dikissizcelikcekmeboru.com)

[www.dikissizcelikcekmeboru.com](http://www.dikissizcelikcekmeboru.com) is the website where Kanat Çelik markets seamless steel pipes. It is available in Turkish, English, French, and Ukrainian language options.

DASBOZ

### [www.dasboz.com](http://www.dasboz.com)

Dasboz is the company responsible for all design operations within the Bozdas Group. The main scope of the design agency's activities ranges from architecture to website design.

# EXPORT

Since 2002, Kanat Çelik has been exporting high-quality steel products to more than 35 countries, building strong credibility and a trusted reputation in the global steel market. With extensive experience, a robust supply network, and adherence to international standards, the company delivers reliable and sustainable solutions to its customers. Embracing the principles of green steel and sustainable trade, Kanat Çelik sources from environmentally responsible producers and supports the transition to a low-carbon future. Through its wide product range, strong inventory, and customer-focused approach, the company continues to grow and strengthen its position in global markets.

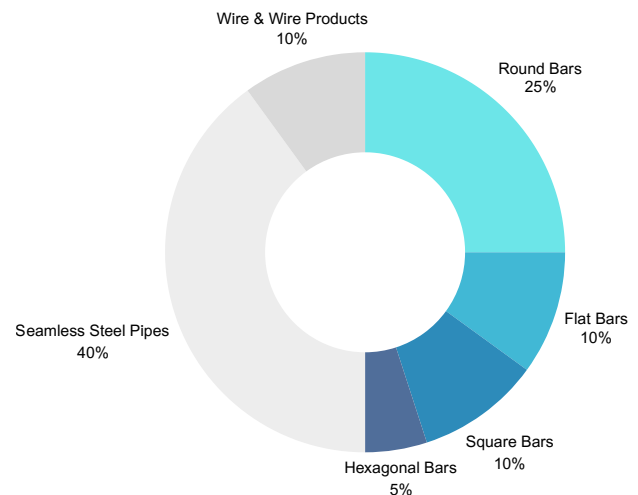

## We proudly export to:

**Albania, Algeria, Azerbaijan, Belgium, Brazil, Bulgaria, Canada, Cyprus, Egypt, France, Georgia, Greece, Hungary, India, Israel, Italy, Ivory Coast, Kazakhstan, Kenya, Kosovo, Cuba, Lebanon, Macedonia, Mexico, Moldova, Morocco, Romania, Saudi Arabia, Serbia, Slovenia, Spain, Syria, Tunisia, Ukraine, United Arab Emirates, Yemen and counting..**

Export Distribution By Region

Export Distribution By Product

# IMPORT

Kanat Çelik imports a wide range of steel products from around the world, focusing on materials that are either not produced or are limited in production within Türkiye.

By partnering with globally recognized and environmentally responsible manufacturers, the company ensures the supply of high-quality, sustainable, and green steel products to meet the diverse needs of its customers.

Through its extensive international network and expertise in global trade, Kanat Çelik provides reliable sourcing solutions, contributing to a more sustainable and efficient steel supply chain.

## Transit Export

Kanat Çelik conducts transit export operations, delivering steel products directly from global producers to customers abroad without entering Türkiye.

This model ensures competitive prices, fast delivery, and a broad product range, supported by the company's strong logistics network and expertise in international trade.

Cold Drawn		Upon Request		

### What Is Seamless Steel Pipe?

A seamless steel pipe is a type of pipe produced by piercing and hot drawing a solid steel billet, without any welded joints or seams. This manufacturing process ensures a uniform structure, providing excellent strength, pressure resistance, and durability. Because of these properties, seamless steel pipes are widely used in industries such as energy, petrochemical, automotive, construction, and machinery, where reliability and leak-proof performance are essential. **Kanat Çelik exports a significant volume of pipes to Europe.**

#### Available Steel Grades:

GB 20, S275Jr, St44, E275, 20#, S355Jr, St52

#### Grades Available Upon Request:

C45, 1045, 42CrMo4, 4140, 100Cr6, S355J2, 16MnCr5 etc

## WIRE & WIRE PRODUCTS

Kanat Çelik provides reliable solutions for industries such as manufacturing, construction, energy, automotive, agriculture, and infrastructure with its wide range of wire and wire products.

**Black Annealed Wire**

**Cold Drawn Steel Wire**

**Standard Galvanized Wire**

**PVC Coated Wire**

**ACSR Wire**

**Armouring Wire**

**Spring Wire**

**Patented Phosphated Wire**

**Patented Galvanized Wire**

**Oiled Bailing Wire**

**Gabion Wire**

**Panel Fence**

**Chain Link Fence**

**Wire Rope**

**Wire Rod**

Kanat Çelik maintains a stock of steel in various shapes to meet your requirements. Please refer to the available shapes listed above. If the shape you need is not included, feel free to contact us directly.

**Some of steel grades are supplied as heat treated:**

**+QT** (Quenched & Tempered) **+N** (Normalised) **+A** (Annealed)

# SERV

Kanat Çelik provides, tests, processes, and packages premium-quality steel products, exporting them to clients across the globe.

**SUPPLYING**

**TESTING**

**CUTTING &  
MACHINING**

**PACKAGING**

**EXPORTING**

## CUTTING

Kanat Çelik operates 10 band saw machines at its cutting center, offering precise cut-to-size services for dimensions ranging from 20 mm up to 1010 mm.

# SERVICES

## TESTING

We provide 2.1 and 3.1 Mill Test Certificates for full traceability. Upon request, ultrasonic (NDT) tests and third-party inspections (e.g., TUV, SGS) can be arranged to ensure top quality.

## MACHINING

Kanat Çelik provides custom manufacturing solutions such a CNC machining on a subcontract basis according to customer specifications.

## PACKAGING

Packaging service is an important part of our quality commitment. We work to protect products through the packaging process and minimize any damage that may occur during transportation.

Available Packaging Options: Steel Strapping, Jute Paper Packaging (seaworthy), Wooden Box, Plastic Ring, Anti-rust Spray Application (upon request)
